

## Transportation - High Desert Corridor Project

### DESCRIPTION OF MAJOR SERVICES

In 2000-01, the Board of Supervisors approved a cooperative agreement between the county, the City of Victorville, and the Town of Apple Valley. This agreement allows for the beginning of environmental studies and preliminary engineering for an east/west high desert corridor north of Victorville from Highway 395 through the Town of Apple Valley. In accordance with the cooperative agreement, the city and the town will reimburse the county for all costs related to this project. This budget unit was established to separately account for expenditures and revenues related to this project.

In October 2006, the Board of Supervisors established the High Desert Corridor Joint Powers Authority (JPA) with Los Angeles County. The primary purpose of this JPA is to oversee the financing and construction of a 66 mile stretch of freeway corridor from State Route 14 in the Palmdale/Lancaster area through the high desert cities of Adelanto, Victorville, and Apple Valley. At the present time, appropriation and revenue related to this much larger project are not included in this budget unit. However, the budget may be subsequently adjusted to accommodate this project as the need arises.

There is no staffing associated with this budget unit.

Services and supplies of \$330,574 include professional service contracts, vehicle usage, computer hardware and software, communication charges, and office supplies. The amount budgeted is decreasing by \$63,662 due to reduction in professional services charges.

Transfers of \$1,464,044 are increasing by \$495,033 as the result of additional manpower requirements for this project.

Other revenue of \$1,696,935 is increasing by \$523,316 to reflect additional reimbursements from the City of Victorville, which is the lead agency for this project.
